Scott Pilgrim is a lovesick slacker from Toronto, Canada. He serial dates, doesn't have a job, and spends most of his time with his band "Sex Bob-Omb". He lives with his gay roommate Wallace Wells in an extremely small one-room apartment. They even share a bed. His 22-year-old life has been reduced to dating 17-year-old Knives Chau after his ex Envy Adams breaks his heart. That is, until he meets Ramona Flowers. When Scott finally lands a date with Ramona, he soon learns that he must battle her 7 evil exes. Is Ramona worth the fight?

THIS FILM IS AMAZING. I have never seen anything quite like it! The cinematography was fun and energetic, leaving the audience with the feeling of being inside a video game.

I cannot say enough about how the film was shot. The colors were vibrant. The graphics were incredible. Heck, the fight scenes were just plain EPIC. I have never seen a video game movie that actually pulled off the feel of a game so well, and this was a COMIC with a video game feel! The entire audience must have thought so too because there was a ton of laughing and cheering throughout the entire film. You must go and watch it!
